- Ms Jane Hupe, Air Transport Bureau Deputy Director, Environment, ICAO
- Mr Neil Dickson, Chief Environmental Standard Section, ICAO

10:00-10:30 *Coffee break*

10:30 – 12:00 **Session 2 - Regional key stakeholders views on SAF (panel) – moderated by NACC/SAM ICAO office**

- Ms Marcela Braga Anselmi, Head of the Environment and Energy Transition Division. ANAC Brasil & **LACAC** Environment Focal Point
- Mr Giovanni Tobar, Gerente Regional de Medio Ambiente y Cambio Climático, **COCESNA**
- Milena Fajardo, Head of Environment and Sustainability, Fuel Data Efficiency and Sustainability Engineer, **ALTA**
- Frederic Eychenne, Senior Director Regulations and Policies, **AIRBUS**
- Cesar Pereira, Advisor, Advisor on Sustainability Strategy, **Embraer**

12:00-13:30 *Lunch break*

13:30 – 15:00 **Session 3 – Vision & Goal, on the way to elaborating a SAF strategy, moderated by EU LAC APPII project.**

Experiences promoted by States:

- **Dominican Republic**, Judit de León, Coordinadora de la dirección de desarrollo sustentable del Instituto Dominicano de Aviación Civil IDAC

DEPLOYING THE 2050 VISION ON SAF, LCAF AND CLEANER ENERGIES FOR AVIATION

- **Chile**, Ignacio Rivas, Jefe de Movilidad Sostenible e Hidrógeno Verde de la Agencia de Sostenibilidad Energética de Chile.
- **Bolivia**, Daniela Vera, Punto Focal (Focal Point) para planes de acción, CORSIA, combustibles sostenible para aviación (SAF's) de la Dirección General de Aeronáutica Civil (DGAC) del Estado Plurinacional de Bolivia
- **México**, Gabriel Escamilla, Corresponsable de Medio Ambiente y Desarrollo Sustentable en la Agencia Federal de Aviación Civil (AFAC)
- **COCESNA**, Lucía González Ingeniera Industrial en cargo del seguimiento con el proyecto de ACT-SAF de la OACI, diferentes proyectos con la Comisión Centroamericana de Ambiente y Desarrollo (GEREMAC)

15:00-15:30 *Coffee break*

15:30 – 16:30 **Session 3 – Vision & Goal, on the way to elaborating a SAF strategy (cont.)**

Experiences promoted by stakeholders:

- **LATAM's SAF strategy**, Diego Martinez, Jefe Sostenibilidad Corporativa, LATAM Airlines
- **IATA's Net Zero Roadmaps**, Pedro de La Fuente, Senior Manager External Affairs & Sustainability, The Americas, IATA
- **Airbus partnership with MIT & ICAO ACT SAF to support states in elaborating SAF policies**, Guillaume Gressin, Vice President International, Strategy and Commercial Operations / Airbus Latin America & Caribbean

23rd August 2024

8:30 – 10:15 **Session 4 – Financing the roadmap, moderated by COCESNA**

- **SAF market dynamics worldwide: volumes forecast, progress of states on SAF policies** – Julio Faldin, VP Business Development Latam, Argus
- **Price Assessment: The Key to Fueling the SAF Market** – Wesley Monteiro, Global Market Engagement Lead, S&P Global
- **Financing SAF promotion initiatives** – Cristian Navas, Transport Senior Specialist at Inter-American Development Ban IADB
- **SAF technology deployment and their financial aspects**. André Luis Defaveri. Director of Sales & New Business Development – Latin America, Honeywell
- **Cleaner energies other than SAF** – Alejandro de Quero Cordero, Infrastructure Lead, Airports of Tomorrow, World Economic Forum

10:015-10:45 *Coffee break*

DEPLOYING THE 2050 VISION ON SAF, LCAF AND CLEANER ENERGIES FOR AVIATION

10:45– 12:15

Session 5 – Policy framework - Fuel qualification & Sustainability certification, moderated by EU LAC APPII project

- **JIG Overview and JIG commitment with Sustainability.** Ibon Ibarrola Armendariz, Technical Manager, Joint Inspection Group
- **New SAF pathways, the “Clearing House” concept – qualify a ‘new’ pathway – pre-screening and tiers approach.** Daniel Brousse Rivas, Sustainable Aviation Officer, EASA and ICAO FTG co-rapporteur
- **Policy framework at Chile,** Julio Maturana Franca, Head of Fuels and New Energies D., Ministry of Energy, Chile
- **The role of the SCS.** Leticia Millward, Standards Manager, BONSUCRO
- **Certifying sustainable fuels: Ensuring feedstock sustainability, chain of custody in logistics, and GHG emissions savings.** Thomas Bock, Senior Manager, ISCC

12:15-13:45

Lunch break

13:45-15:15

Open debate – what’s next, moderated by NACC/SAM ICAO office

- Identification of capacity building needs and programs for deploying the 2050 Vision on SAF, LCAF and cleaner energies for aviation

15:15-15:45

Coffee break

15:45 – 16:15

Workshop conclusions

- By ICAO and EU LAC APP II
